Content Partnership
www.goethe.de/enindex.htm
The German Education Server maintains
a content sharing cooperation with the
Goethe Institutes, the experts in German
culture and language promotion abroad.

The German Education Server – Eduserver

offers reliable, up-to-date information on all aspects of education in Germany and beyond. The site navigation structure provides an overview of the subject areas and target groups addressed by the German Education Server. Moreover, two thematic English language areas focus on international visitors:

Find out about Germany

www.eduserver.de/zeigen_e.html?seite=4094

This English language portal provides international visitors with a thematic collection of resources on Germany. It encompasses information on education and research in Germany, learning German, Germany sites for young people, exchange services. All the information you can find here is accessible free of charge, and mostly relates to non-commercial, official sources (links to full text documents, statistics, institutions).

Current topics in English

www.eduserver.de/zeigen_e.html?seite=4809

A collection of thematic dossiers that relate to internationally relevant issues, from the German perspective: all the dossiers are fully accessible in English. See, for instance

- ▶ Human Rights Education
- ▶ Education for Democratic Citizenship
- ▶ Climate Change

- ▶  Newsfeed for English language resources on the Eduserver websites
