

Information sheet for survey participants

The doctoral project will be realized at the DIPF and is connected to the graduate college „Responsible University“ at the University of Flensburg.

First results of the survey will be published at the corresponding DIPF homepage for which you have received the link.

About me

Currently I am working at the department „Educational Governance“ at the DIPF. I have studied at the University of Flensburg, as well as at the universities of Zurich, Jena and Alicante.

Internationalization is a strong interest of mine in diverse areas such as intercultural communication, international management and, especially, languages.

Information about data protection

The unauthorized transmission of personal data is liable to prosecution.
Data may only be used for the aim of their original collection.

Furthermore, I am bound to professional discretion according to §9 BAT.
Our guideline of data protection is: „Treat data of others just as you would want them to treat your own data.“
